

Serving Our Seniors' Dental Care Project

Serving Our Seniors is studying the oral health care of older adults, age 60+, living in Erie County. If you or someone you know has **not** been to a dentist in 2 or more years; or has a known need for general dental care but lacks the ability to afford the cost of this care, CALL SERVING OUR SENIORS (419-624-1856 or 800-564-1856). Request an application for the **“DENTAL CARE PROJECT”**.

Participation in the **“Dental Care Project”** allows Serving Our Seniors to receive access to the client’s dental care records to evaluate the specific dental diagnosis. This information will be studied, analyzed and used to seek additional funding to promote the health of Erie County’s older population who cannot afford dental health care.

SERVING OUR SENIORS 310 E. BOALT STREET
SANDUSKY, OHIO 44870
